

International Mobility Program, Citizenship and Immigration Canada

Re: Mandatory \$230 CIC Fee and online offer of employment for Foreign Post Doctoral Fellows, Visitors and Students

As of February 21, 2015, Citizenship and Immigration Canada (CIC) has implemented a new process for non-employee Foreign Workers. Within research at SMH this would include International Visitors, Students and Post Doctoral Fellows.

*Starting October 26, 2015, CIC is introducing a new electronic system, **the Employer Portal**. With the introduction of the Portal and online offer of employment, the IMM 5802 "Offer of Employment" form will no longer be used.*

A **\$230 Employer Compliance Fee** is levied for any work permit issued for these non-employee foreign workers. The fee is payable online and must be submitted by the Investigator prior to the work permit application being made by the foreign worker. The online offer and fee are also applicable for any renewal applications. The fee is the responsibility of the hiring Investigator.

INSTRUCTIONS

We have put together a guide to assist departments, supervisors, and post-docs/visitors in completing the new CIC process. In general, this process will be completed at the department level.

CIC requires the PI sign into the Employer Portal to complete an application. The "online offer of employment" is to be completed with employer and job information. The form and payment receipt must be filed electronically with CIC in advance of the foreign worker's work permit application. "In advance" can mean merely minutes before the employee requests the work permit, but it is recommended to go through this process well ahead of the work permit application.

INITIAL LOGIN

1. In order to complete the online offer of employment and pay the \$230 employer fee, you will need to be registered as a user and have a PIN number. If you do not yet have a PIN, please contact Cordelia Cooper, Research Employment Coordinator, in the office of Research Administration.
2. Once you have your PIN, you will need to register as user for the first time. Please follow these instructions: <http://www.cic.gc.ca/english/e-services/employer-enrolm.asp> Scroll down to the bottom where it says **Enroll in the Employer Portal as a branch or secondary user**. Follow the steps and then refer to **Get your credential to access the portal** for steps on how to access the portal.

SUBSEQUENT LOGINS

3. Go to the [Employer Portal](#) and complete the online offer of employment.

Please refer to the guide following these instructions, it provides the appropriate information for St. Michael's Hospital. Some fields in the form may self-populate.

4. After the form is fully and accurately completed, press continue. You will then be prompted to make a declaration. The electronic offer of employment contains several declarations that the employer certifies when the offer is submitted. Carefully review the offer before it is submitted to ensure that the content is correct. You can then pay the \$230 fee to CIC via an online payment.
5. After the offer of employment is submitted to CIC and the fee has been paid, forward a copy to the foreign worker for inclusion with their work permit application.

TECHNICAL ISSUES

6. If you cannot use the Employer Portal due to technical issues, please email CIC.EmployerPortal-Portaildelemployeur.CIC@cic.gc.ca. In your email, you should include a description of the issue and, if possible, a screen shot. If the issue is not resolved within 5 business days, you will receive new instructions on how to submit the offer of employment.
